About Me

Lead Data Scientist – Passionate About AI-Driven Innovation & Sustainable Tech
Second-year Data Science & AI student with hands-on experience in AI engineering, machine learning, deep learning, and computer vision. Skilled in managing cross-functional projects and translating complex technical findings into business value. Eager to bring my leadership, research, and technical skills to Dior's AI Factory, with a strong commitment to Green IT and excellence in data practices.

Skills:

Languages: Python, SQL, HTML

Frameworks & Libraries: Pandas, NumPy, TensorFlow, Keras, Scikit-learn, OpenCV

Tools: Power BI, Git, Excel, PowerPoint

Concepts: Time Series, NLP, Computer Vision, Generative AI, Model Deployment

Soft Skills: Communication, Stakeholder Alignment, Cross-team Collaboration, Agile

Education:

Bachelor of Applied Data Science & Artificial Intelligence at Breda University of Applied Sciences

Language:

English

Bulgarian

German

Breda, Netherlands

Professional Experience:

Education

BSc – Applied Data Science & Artificial Intelligence

Breda University of Applied Sciences, Netherlands | 2023 – Present

Focus: Machine Learning, AI Development, Deep Learning, Data Strategy

Awards: 🏆 Gold & 🥈 Silver for SDG Dashboard & Linear Regression Implementation

Relevant Projects

👤 Root Length Prediction (Computer Vision)
Developed end-to-end pipeline for root measurement using OpenCV; applied segmentation, morphological filtering, and measurement extraction.

📊 Power BI Dashboard for Variable Analysis
Created interactive dashboards to support strategic business decisions through KPI visualizations and actionable insights.
